Report

The team had a very successful day at Surbiton.

In the morning the matches were close with two matches going to the 18th but we managed to win all three matches setting us up well for the afternoon.

In the afternoon all players played some excellent golf and Middlesex found it hard to match our scoring despite continuing to fight. All matches were played in great spirit and we came away with an overall resounding victory.

This concludes a very successful Stovold series for Surrey with us winning all the matches and retaining the trophy.

Two players, Kim Munro and Grace Bishop, played in all the matches and will be supporting the first team at the National County finals by caddying. A total of 12 players represented the Stovold teams and I was impressed by all of their commitments and engagement in both foursomes and singles matches.
