Report

We arrived and the sun was out and weather remained reasonable for the morning. The course was looking great and the greens were in fantastic condition.

In the morning the team played some excellent golf, putting superbly and all the foursomes matches were won comfortably.

However, the weather changed after lunch and as the singles started it became both wet and windy. Sussex secured wins in the first two matches but the Surrey team continued to play some excellent golf securing three very good wins. At the end there was one match still in play and Millie Cottrell had to fight hard to secure a very good 1up win after a strong fight back by Sussex player Delyth Roberts.

Let's hope the weather improves for the next three matches.
